

Objective

A dedicated and results-driven Full Stack Developer with a passion for creating dynamic and efficient web applications. Seeking to contribute my skills and experience to innovative projects within a forward-thinking organization, driving growth and delivering impactful solutions.

Technical Skills

Programming Languages: JavaScript, Python, Java, HTML, CSS, PHP, C/C++
Frameworks & Libraries: ReactJS, AngularJS, Express.JS, Bootstrap
Databases: MySQL, MongoDB
Tools & Platforms: NodeJS, Visual Studio Code, Git, GitHub
Other: Data Structures and Algorithms using C++,

Experience

Web Developer

Wipro Ltd.

Hybrid – Bangalore

July 2022 – Present

- Developed and maintained web applications using Angular, Express, MySQL, and ReactJS.
- Designed and implemented dynamic user interfaces and responsive web applications.
- Implemented robust backend services with Node.js and Express.js, integrating with MySQL databases to handle complex data operations and API management.
- Collaborated with cross-functional teams to deliver robust and scalable web solutions.
- Completed extensive training in Java J2EE, Spring boot, Node.js, AngularJS, and ReactJS, enhancing my capabilities to manage both front-end and back-end development tasks effectively.

Education

Guru Gobind Singh Indraprastha University

Bachelor of Computer Application

Delhi

Aug 2019 – July 2022

- Relevant Coursework:** Web Development, Data Structures, Database Management Systems
- Academic Projects:** Developed a comprehensive online examination platform as part of a team project during my final year.

Coding Profile

Solved 300+ coding problems on Leetcode, focusing on advanced data structures and algorithms.

Projects

| Portfolio | Online Examination System | Foodies |
|---|--|---|
| ReactJS | Html, JavaScript, CSS, Bootstrap, PHP, MySQL | Node.js, Express.js, MongoDB |
| Source Code | Source Code | Source Code |
| <ul style="list-style-type: none">Developed a personal portfolio website optimized for performance and user experience.Implemented responsive design techniques to ensure compatibility across various devices.Deployed the website using Netlify and managed version control with Git. | <ul style="list-style-type: none">Collaborated in a team of three to develop a CRUD application for managing online exams.Developed backend logic using PHP and integrated MySQL for database management.Contributed to frontend development, ensuring a seamless user interface for exam participants.A CRUD Application with exposed GET, POST, UPDATE and DELETE methods | <ul style="list-style-type: none">A CRUD applicationBuilt a full-stack application allowing users to register and order food as consumers or sellers.Implemented RESTful APIs for handling CRUD operations with MongoDB as the data store. |

Certifications

- AWS Certified Cloud Practitioner (Certificate ID: EGP7026MRQQCS9, [Verification Link](#)):** Achieved in February 2023 by **AMAZON**. Comprehensive understanding of AWS cloud concepts and services, including foundational AWS services, security, and compliance.
- Spring Boot: (Certificate ID: UC-38e582a5-bef5-4d72-b3ec-ad71e329b11a):** Completed in April 2024. Acquired practical skills in building and deploying Java-based web applications and API using the Spring Boot framework, focusing on rapid development and microservices architecture.
